

Power District 4 Governor Christopher Shaffer

119 Dartmouth Way • Aliquippa, PA 15001 • 724-624-6216 • Shaffer63bt@yahoo.com

Brothers of the POWER District,

I would like to welcome all of the newly elected District #4 Officers and thank them for accepting positions on the District Lodge. We had a great experience at District #4 first virtual Zoom Convention on Saturday June 20, 2020! I am humbled and honored to be elected as your Power District #4 Governor for 2020-2021. The AHEPA Mission statement clearly defines our goals as AHEPANS. Power District #4 will honor the mission statement to; promote the ancient Hellenic ideals of education, philanthropy, civic responsibility, family, and individual excellence through community service and volunteerism! The Power District Lodge has an exciting year planned. We have an aggressive agenda teed up for the new Lodge year. Our Key of the Lodge objectives for 2020-2021 are listed below.

MEMBERSHIP

Our Number **ONE GOAL** is to bring the District membership number back to **1,000** (each chapter needs 9 reinstated or new members to achieve this goal) and will enable us to once again be the POWER DISTRICT. Each Chapter will have the full support of the Lodge Members in building our ranks once again. Your District Lodge will work with our Chapters to plan new and exciting events that will attract new Members as well as bring back past members. Make your functions, events, meetings fun to attract new membership!

POWERLINE

The power line is a MUST for the 2020-2021 year! We are proposing to have two printed editions of the POWERLINE for the upcoming Lodge year, a Fall and Spring edition. The publication will be produced both in Hard copy as well as electronic format for those that opt out for electronic format only. We implore all Chapters to send in Chapter News and events for the Power Line.

PROJECT

We look forward to a District Event that will raise Funds for the Fallen First Responder's. This group is comprised of; Police Officers, Firefighters, Paramedics, EMT's that have died in the line of duty. I have been in contact with the National First Responders Children Foundation that offers money, scholarships and much more to the families and children that have been affected by a parent dying in the line of duty. Please visit their national website at www.1strcf.org and watch their videos and information on the charity drive's they conduct.

District #4 Fundraiser

Lastly, we will be launching a fundraiser that will benefit all of our District. This would be a AHEPA Logo polo shirt that would be embroidered with the AHEPA symbol along with the Chapters name and chapter number. My thoughts are a polo moisture wicking golf shirt that we can make available to each member in the district and customize it to their Home Chapters.

In closing, please feel free to send me all your Chapter's functions and meeting notices as I will do my best to visit each Chapter. The District Lodge will be having their first lodge call on Wednesday July 1, 2020. I encourage all PDG's and Chapter Presidents to attend the call!

Sincerely,

Christopher E Shaffer

Power District 4 Governor
